MEETING NOTICE.

PACIFIC HARDWARE CO., LTD.

The annual and adjourned quarterly meeting of the Pacific Hardware Co., Ltd., will be held at the office of the B. F. Dillingham Co., Ltd. on Thursday, November 19th, 1903, at 10 o'clock a. m. JAS. GORDON SPENCER, Secretary.

Honolulu, November 12th, 1903.
6635.

There is a notable list of passengers on the Japanese liner Hongkong Maru which arrived from Yokohama and Chinese ports last evening shortly before 6 o'clock. There are men who are known in public life and there are one or two who may yet have their names heralded about the earth.

The Hongkong Maru arrived two days late, owing to delays at Hongkong, where the vessel had to undergo the required speed trial. On account of the very rough weather at the time the speed trial was to take place the affair had to be postponed two days. When the weather permitted the Hongkong Maru went over the course, averaging 17 7-8 knots per hour, or 7-8 more than the government asked for. The trial was satisfactory to all concerned and the ship's officers are proud to be on such a speedy boat.

The start was made from Hongkong two days behind time and the vessel left Yokohama for Honolulu on November 9. Head winds and rough weather were experienced all the way across, preventing the vessel from making up any of her lost time. During the trip a big whale was sighted.

On this trip former Freight Clerk Roberts is occupying the office of purser having been promoted on the resignation of Purser Freeman who remains in Manila to go into the mercantile house of Castle & Co. Purser Roberts had his hands full, no freight clerk having been assigned at Hongkong.

Among the passengers is Rear Admiral Carlo Mirabello of the Italian navy, accompanied by his secretary, Lieut. Carlo Pfister, and aide, Lieut. Domingo Cavagnari. Admiral Mirabello has been in command of the Chinese squadron and is now en route to Rome to assume the portfolio of Minister of the Marine, as a member of the cabinet. The Admiral was met at the dock by an officer of the Italian cruiser Elba, now in port, and later in the evening was welcomed aboard the vessel.

John Goodnow, the American Consul General at Shanghai, accompanied by Mrs. Goodnow, is en route to Washington.

Dr. S. Kobayashi, the well known Japanese surgeon, is returning to Honolulu to resume his practice. Dr. Kobayashi, who is one of the most prominent surgeons here, left for Canton a little over a year ago, to practice among the Chinese, but did not enjoy his stay there and about six months ago went to Yokohama.

J. Becker is a member of the firm of Brandenstein & Co.

Major Eltonhead is connected with the United States army, and Dr. Shipp is a naval surgeon.

Alonzo H. Stewart, Assistant Secretary of the United States Senate, is returning to Washington, after enjoying a long vacation in the Philippines and the Orient. He was met on the deck of the steamer by Governor Carter and went ashore with the latter.

Sir David Evans, who is accompanied by Mr. J. P. T. Evans, Mr. Montague Evans and Miss K. Evans, was Lord Mayor of London in 1891-2. He is a director in the Anglo-American bank and the Hand-in-Hand Insurance Society of England. Sir David Evans is a great hunter and is the ex-master of the West Surrey stag-hounds.

Mr. and Mrs. R. N. Paton, who were guests at the Moana several months ago, have returned from the Orient and will remain here for a few weeks.

The Hongkong Telegraph of October 30 gives the following account of the trial trip of the Hongkong Maru: The Toyo Kisen Kaisha's Pacific liner Hongkong Maru has again passed the severe test entitling the company to a renewal of the same government subsidy for another period of five years. She was to have made the trial on Tuesday, but owing to the proximity of the typhoon and the rough weather experienced it had to be abandoned, and it was not until yesterday that the majestic steamer set out for the south of the island and steamed over the government three-mile course. She made a mean average of 17.77 knots, although the requirement of the Japanese Government was only 17 knots. The credit of this successful performance, which is due to Capt. W. E. Filmer and Chief Engineer Weaver, speaks much for the Toyo Kisen Kaisha's three liners, which are now the fastest vessels of the Japanese mercantile marine. On her trial trip the America Maru made 18.20 knots, while the Hongkong Maru has done 17.77, and the Nippon Maru 17.58.

Alameda Departs.

Shortly after 9 o'clock yesterday morning the Oceanic steamship Alameda left for San Francisco with a good-sized passenger list. Among the passengers was Alexander Young who goes to Oakland in response to a cablegram received Tuesday announcing the serious illness of Mrs. Young. Major Birkheimer, U. S. A., one of the members of the Army Board, accompanied by Mrs. Birkheimer returns to San Francisco. Captain Jean Rault, master of the French bark Connetable de Richemont, lying wrecked on the French Frigate Shoals, left for Nantes, France. His affairs are in the hands of Acting French Consul Raas. Paymaster's Clerk MacWickie, U. S. N., and Mrs. MacWickie left for Washington, the former to report for duty. Hon. W. G. Irwin, Mr. and Mrs. E. B. McClanahan and daughter, Dr. Grossman and the Misses Fisher also departed.

MORE BAD MILK FOUND

Some Rotten Articles of Diet Picked Up in City Stores.

Robert A. Duncan, food commissioner, in his report to the president of the Board of Health for October, says that ninety-seven samples of milk were examined.

Of these one was drugged and nine were below standard.

A sample from A. Ludloff contained a preservative, viz: boric acid. Samples found below standard were obtained from the following sources: Nagatani, Yamanaga, Tavares, V. Souza, Jr., Jap for G. Holt, F. Correa, Matsuda, Fashion Restaurant and S. Nobriaga.

The last sample was made the basis of prosecution, the defendant (S. Nobriaga) being fined \$25.00 and costs.

At the request of private parties, two samples of milk were tested for the presence of preservatives, none being found.

Two samples condensed milk were analysed and gave the following figures: "Carnation Brand" Evaporated cream, 25.7 total solids; 6.5 butter fat; "Owl Brand" Condensed Milk, 68.7 total solids; 1.0 butter fat.

The last sample was purchased from M. J. Boyes, Kalia. The low fat content shows it to be prepared from skimmed milk.

One sample Apollinaris mineral water was tested (at request of private party) for presence of lithium; none found.

One sample wine (no label on bottle) on complaint of private party. No adulteration found.

Two samples of wine from a local dealer. Partial analysis shows them to conform in composition to that of pure wine.

Two tins sardines examined: contents decomposed.

One tin sardines: can swelled and contents decomposed.

Forty-six tins (four stores) consisting of sausage, sour kraut, mince meat, salmon and condensed milk found unfit for food was condemned and destroyed.

One stomach contents was tested for presence of poison. Three samples of food were examined for the Police Department.

FOOTBALL OUTLOOK FOR SATURDAY

Indications point to a fast and furious game of football next Saturday between the Punahou Athletic Club and the Maile Hlmas. The two teams are very nearly matched in weight and from their contests in former years it is assured that this game will prove one of the most interesting of the season.

Both teams are practicing against second eleven every night and the impression now current is that Punahou will play a very quick game and the Mailes a very tricky one. It is said that they have worked up several new plays that will be hard to stop.

A change has been made in the rates of admission and hereafter school children and others under sixteen will be admitted for twenty-five cents instead of fifty as last game. There is no extra charge for any part of the grand stand and spectators are allowed along the ropes on both sides of the field.

As Mr. Whitehouse, who umpired last week, is coaching the Punahou team he has declined to serve for this game, and Mr. H. P. Benson will umpire. C. A. Long will referee and E. A. Mott-Smith act as linesman as before. The officials are determined to rule very strictly and any infractions of rules will be penalized.

The ship Louisiana departed yesterday morning at 11 a. m. for San Francisco to be temporarily laid up. The ship had a hard time securing a crew.
